

VEROZA GROUP

COMPANY PROFILE

Veroza Group was founded with the vision of helping our customers in the Defense, Aerospace and Governmental industry achieve their objectives and goals, and guide them in the various markets in order to help them getting a better advantage in their specific sector.

We assist on purchase orders between governments, DOD (departments of defence) and our general customers and listed suppliers.

Furthermore we facilitate complete transactions and manage the process of sourcing items and products, and arrange logistics solutions with complete oversight of the value chain.

we deliver integrated solutions to solve the challenges faced by defence, internal security and peacekeeping forces and offer a wide array of solutions and services for the aerospace industry and governmental sector.

Aside from assisting Governments, Departments of Defense (DOD) and sovereign nations with a wide array of services and equipment, we continuously make it a priority to aid Nato and The United Nations in their peacekeeping missions and efforts to advocate for stability and peace globally.

Our team of professionals comprise of former Special Forces operators, aviation and shipping professionals, Intelligence operators, and engineers combined with a team of consultants.

The wide array of professionals enables us to solve diverse and complex tasks and provide us with the necessary insight to assist our clients in the best way possible.

At Veroza Group we specialise in delivery of tactical and operational equipment. In cooperation with our partners we offer a wide array of services in the Defense, Aerospace and Governmental sector.

Our experience and vast network allows us to engage with customers and clients in various sectors and enables us to provide tailored services.

We have extensive experience in equipping forces for national defence or peacekeeping missions. We begin with gaining a thorough understanding of our clients' unique challenges, terrains and needs and apply the correct solutions and services to assist our customers.

Veroza Group serves the naval defence industry in cooperation with our strategic partnerships with global market leaders.

We assist in the acquisition, production and installation of equipment, its installation and relevant training.

Our aviation solutions include sourcing, training and specialised transportation of equipment and personal in various environments including hostile areas.

Our air transportation capabilities further includes IMO class cargo.

In our efforts to provide our clients with a wide array of cargo delivery options, Veroza Group has established a partnership with Volga Dnepr which owns and operates the largest fleet of Antonov cargo planes and allows us to conduct oversized cargo delivery globally.

TACTICAL & OPERATIONAL EQUIPMENT

Our portfolio of equipment ranges from tactical and operational equipment to lighter products as used in peacekeeping missions.

Our vast network and many partnerships allows us to provide specialised items, including OEM products for the Defense and Aerospace industry.

We assist our customers in rapid deployable evacuation operations, strengthening national Defense capabilities and foreign humanitarian missions disaster relief among others.

Our commitment to support the Defense industry with reliable tactical and operational equipment and provide operators with advanced military grade products maintains a priority.

Our expertise in supplying Special Operation Forces with specialised equipment is partly enabled by our team in Veroza Group which comprises of former Special Forces operators, with a vast experience in deployments, combined with knowledge ranging from combat missions to peacekeeping and reconnaissance missions.

The often harsh environment soldiers, medics and general staff and personal operate under requires tailored equipment at times, and necessitates differentiated equipment and the need to identify the correct items for missions specific challenges is crucial.

We assist our clients and customers in identifying which configurations and specifications they require for the specific challenges they face.

Our ability to source equipment through our joint partnerships globally allows us to offer standard equipment and more specialised items.

Furthermore we recognise the time sensitive nature of deliverance of certain items and make use our extensive shipping and logistic network to ensure timely and rapid delivery of products.

Veroza Group specialise in platform and range support, providing full spectrum aviation, ground, and maritime maintenance and operation solutions.

We provide cost- effective tools combined with experienced thought leadership and enhanced processes to meet global, mission-critical customer needs through product support, transportation and distribution, and logistics enablers.

Our extensive global presence and network allows us to engage in complex freight missions and support our customers in their efforts to reduce transportation cost and time.

Veroza delivers equipment, supplies, facilities, transportation, tools, materials and other items and services necessary to perform Command, Control, Communications, Computers, Intelligence, Surveillance and Reconnaissance missions including IMO class freight.

We focus on tailored solutions to meet the demands of our clients, which have included PAX transportation into non-friendly environments, oversized cargo, and continue to support peacekeeping missions and aid relief.

Veroza Group have undergone financial and operational auditing to ensure the companies eligibility to engage into national and international defence contracts and holds membership with FAD (Danish Defence and Security Industries Association).

Ethical conduct is a priority of our business and we commit to incorporate integrity and compliance throughout all levels of the company.

Our employees are responsible for reviewing and recommending policies and procedures that maintain a business environment committed to high standards of ethics, integrity, sustainability, and legal compliance. Ethical conduct and integrity carried on from the corporate offices to the field and is a prerequisite for all of our employees and partners.

VEROZA GROUP COMPLIANCE STEPS

Veroza Group retains membership with FAD.

FAD is the organisation of the Danish defence, security and aerospace industry, and the focal point concerning all matters related to defence and aerospace industry, nationally and internationally.

Veroza Group is a member of the Confederation of Danish Industry.

The Confederation of Danish Industry - DI - is Denmark's largest, most representative and most influential business and employers' organisation, covering manufacturing as well as service industries across sectors such as Defence, transport, energy, IT, health, trade and professional services.

Veroza Group is an accredited and registered supplier to NATO, with a dedicated NCAGE number.

NATO is an intergovernmental military alliance between 30 North American and European countries.

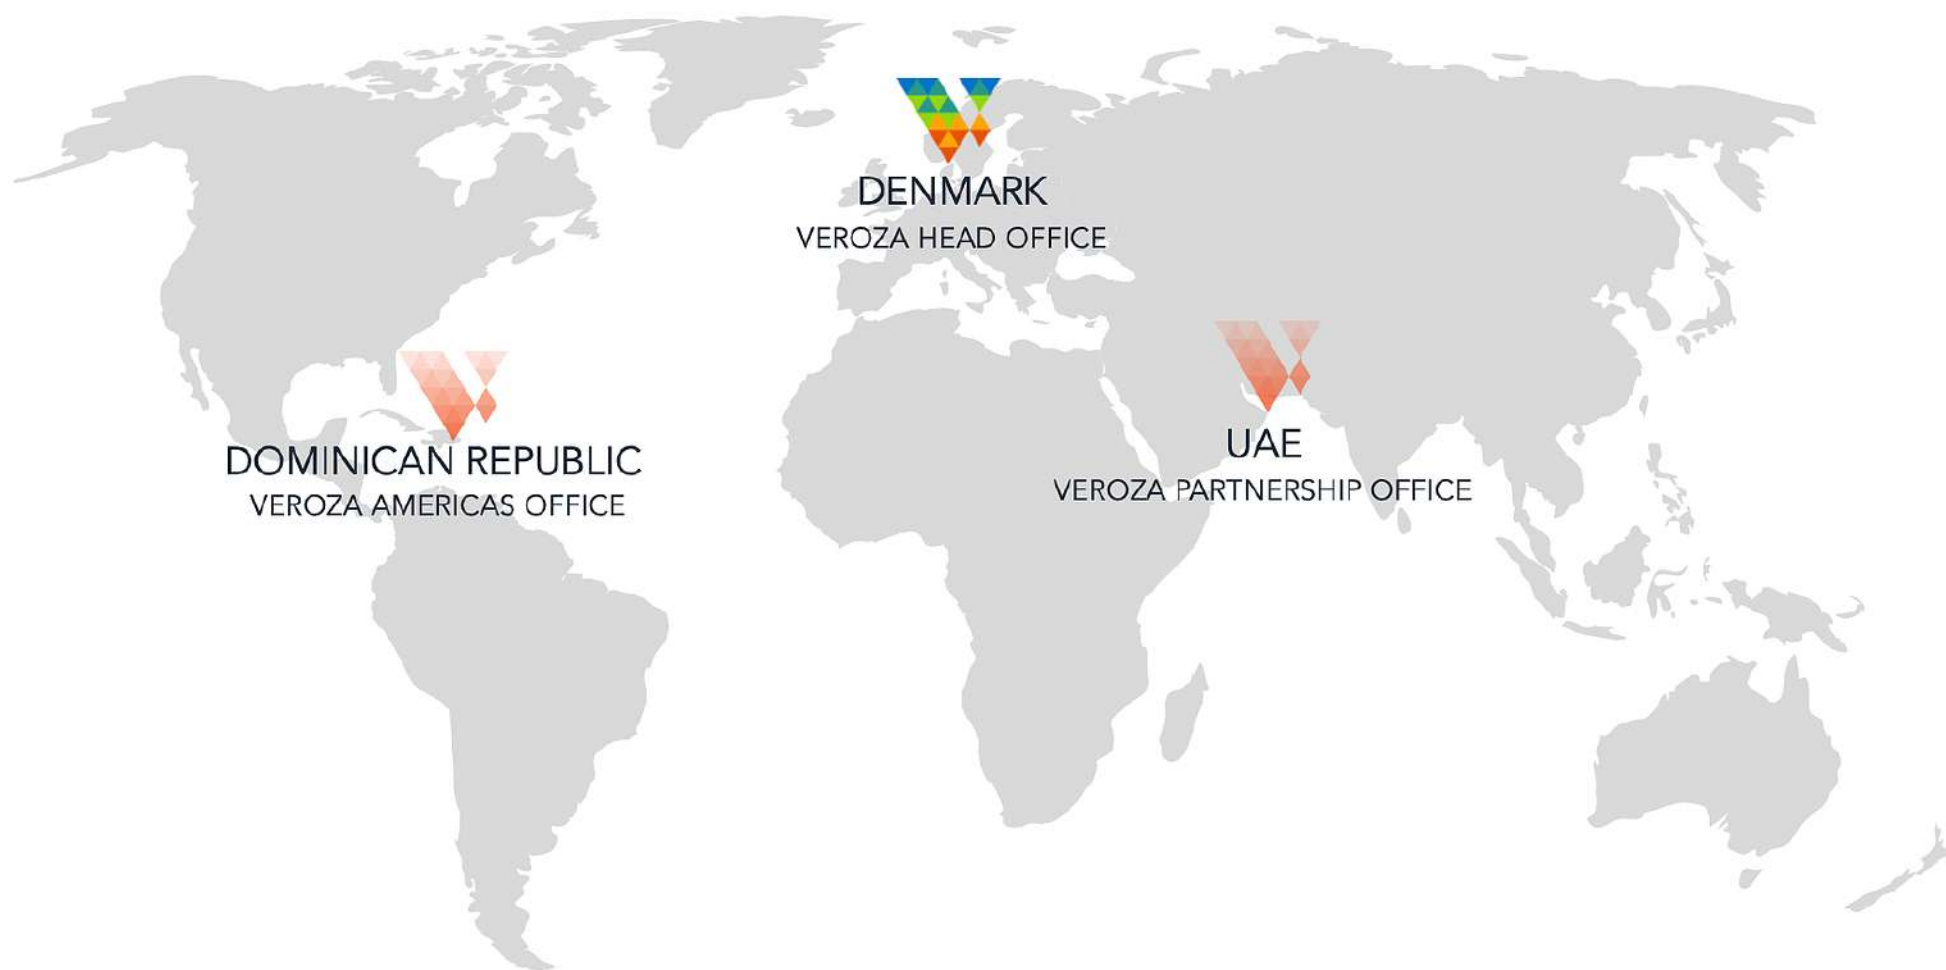

The organisation implements the North Atlantic Treaty that was signed on 4th of April 1949.

NATO constitutes a system of collective defence whereby its independent member states agree to mutual defence in response to an attack by an external party.
